

# TEACHERS SERVICE COMMISSION

## FAKE CIRCULAR ALERT

Please refer to a news alert released by Nation Media Group a few minutes ago to the effect that TSC has barred teachers from being recruited as election officials. Note that you relied on a fake Circular and the signature purporting to be that of the TSC CEO, Nancy Macharia is a crude attempt to forge her signature. I have sent you official documents signed by TSC CEO so that you can compare the signatures.

Please retract the story to avoid any further anxiety as it is already causing a lot of unnecessary disquiet. Further, it is disturbing that the story was run without verifying as is the practice.

I have attached a Circular sent earlier on the role of teachers in elections which has clearly stated that they can be engaged.
